April 6, 2024

and it was deployed using npm

it works for me 21:44

Sapijiju ⭐
Is it possible to pull earlier data for the retention matrix @valerio_eth
21:46

valerio 🎖️

how far back you need? 21:48

rn its capped to last 30 days 21:49

but I can increase 21:49

out ⭐
Forwarded from buffalu | Jito

@notStacc it would be good for the grafana data to look like this
21:49

on transaction inclusion — track how many slots occur between submission and chain inclusion. and then in a separate chart track the land rate.

yeah lets do since our launch day as long as possible, will help us make a more accurate judgement on where we are
👍🙂 21:50

out ⭐
